

Senior Renovation Carpenter - Ottawa, Ontario

ARTium Design Build Inc. is a high quality, design-build, home renovation company. We are located in the west end of Ottawa, Ontario. We offer an exciting, fast paced work environment with a focus on creating exceptional spaces and an exceptional home renovation experience for our customers. We are seeking a detailed oriented individual to fill the role of Senior Renovation Carpenter.

The Senior Renovation Carpenter duties include all on-site renovation carpentry for all types of home renovation projects including; site and safety control, demolition, framing and finishing carpentry.

Professional Education and Experience:

- A minimum of 5 years related residential construction based design experience.
- Must be proficient at all types of residential renovation projects including additions, whole house renovations, kitchens, bathrooms and basements.
- Must possess superior carpentry skills which are required for all types of home renovation projects.
- A working knowledge of all trades associated with residential construction.
- A demonstrated ability to understand simple plumbing, heating and electrical work.
- An understanding of the Ontario Building Code as it applies to residential construction, particularly OBC Part 9.
- A demonstrated ability to read, understand and communicate through residential construction design drawing.
- A proven ability to manage people, trades and customer relationships.
- Must have strong communication skills.
- Must have own transportation.

This position is for the City of Ottawa.
